Subject : Contract

25X1

Gentlemen:

Information provided by my Technical Representative indicates a possible overrun of costs under the subject Contract. It is understood that you believe an overrun may not occur because you expect some of your claimed expenditures will be disallowed in the final audit.

In the interest of clarity, it is requested that you advise the Contracting Officer of the extent of any anticipated overrun costs under this Contract with reasons therefor and detailed cost information in support of the need for any additional funds. If you believe additional funds will not be required, it is requested that you provide the Contracting Officer with specific information as to how you expect to complete this Contract within the limited amount of funds remaining from the total funds allocated under this Contract.

You are reminded that you are not authorized to incur costs in the performance of this Contract in excess of the estimated cost thereof as currently stipulated in the Contract unless and until the Contracting Officer notifies you that such estimated costs has been increased.
